Attn: Edie Elias, President

To all the thrift store volunteers:

On behalf of all the Columbia House residents and staff, we want to extend our heartfelt gratitude for all the amazing items you donated towards our Christmas Shopping Cart. We were pleasantly surprised to receive such a large box stuffed with items so carefully packaged and wrapped with love.

The gifts were invaluable as they helped create a shopping encounter that is missed by so many of our residents. Many laughs and smiling faces took place last Thursday when the activity staff took the decorated and overstuffed cart from wing to wing and room to room.

We created "COHO bills" and each resident was given \$10 to spend. We priced the items as \$1, \$2 and \$5 items. Residents bought treats and gifts for themselves as well as some of their friends and family. We also provided a gift wrapping service!

Your community service and kindness to our residents is very much appreciated.

Happy Holidays to you and yours.

Sincerely,

Linda Goble  
Recreation Program Coordinator
